Progressive Christians Welcome Move Towards Free Vote on Marriage Equality

President of A Progressive Christian Voice (Australia) (APCVA), Dean Peter Catt, has welcomed the call by LNP members of Parliament for a free vote on Marriage Equality.

'This vote is long overdue', Dr Catt said.

'Most Australians are in favour of marriage equality.

'This includes the majority of Christians.

'A free vote should happen as soon as possible as it makes no sense to withhold marriage from sexuality and gender diverse people any longer.

'The time is here and all we need is for the politicians to step up to the plate and do what they are there to do,' Dr Catt said.
